

Inspirations and Sources for this DLC

Several movies inspired me to create this DLC. Those movies are as follows:

- Eagle Eye (No specific scene inspired me. Instead, the overall movie serves as an inspiration for this DLC. Here is a url to Eagle Eye on imdb:
<http://www.imdb.com/title/tt1059786/>.)
- 2 Fast 2 Furious (The boat jump scene inspired me the most. Other parts of this movie also inspired me. View the Boat Jump scene at this link:
<https://www.youtube.com/watch?v=JXQWJ63fico>.)
- Wanted featuring Angelina Jolie (The Limousine Assassination scene in this movie inspired me the most. The overall movie is good, and various aspects of it can also be related to GTAOnline. Here is a url to Wanted:
<http://www.imdb.com/title/tt0493464/>.)
- Fast Furious 8: The Fate of the Furious (I was also inspired by F8. Specifically, its movie trailer is really good. The trailer is also very relatable to GTAOnline. View the trailer at this url: <https://www.youtube.com/watch?v=uisBaTkQAEs>.)
- Fast and Furious 5 (The scene that inspired me from this movie is the scene where Vin Diesel's character is rescued from a prison bound bus. You can view that particular scene at this url: <https://www.youtube.com/watch?v=NY8IA3WF-Ts>.)
- Fast and Furious 7 (The scene that inspired me from this movie is the scene where Ramsey, the hacker in the movie, is rescued from a movie high-tech heavily armed bus. You can view that particular scene at this url:
<https://www.youtube.com/watch?v=cUspi2SLGhw>.)

- Gone in 60 Seconds featuring Angelina Jolie (This movie also inspired me. There is no particular scene that inspired me. The overall movie provided good ideas that are easily relatable to GTAOnline. View information about the movie at this url: <http://www.imdb.com/title/tt0187078/>.)
- Sicario (This is an amazing movie. I think it is underrated, but it inspired me to add some elements from it into this DLC. The overall content is easily relatable to GTAOnline. View information about the movie at this url: <http://www.imdb.com/title/tt3397884/>.)
- Live Free or Die Hard (This movie also inspired me. The particular scene that inspired me is titled "Car meets Helicopter". You can view the scene at this url: <https://www.youtube.com/watch?v=r1gBq45CkgI>.)
- No Country for Old Men (This movie also inspired me. While there is no particular scene that inspired me, the overall movie provides awesome inspirations that are relatable to GTAOnline. I do, however, like the final scene of the movie as it teaches a good life lesson. That lesson is that there are no clean getaways. You can view information about No Country for Old Men at this url: http://www.imdb.com/title/tt0477348/?ref_=tttg_tg_tt .)
- Fast Furious 1 (This movie also has good material that is super relatable to GTAOnline. I have included a link to a scene that I think would be perfect for the GTAOnline universe. I didn't include the exact same scene in my set-ups, or heist, but I do like that the actors use weaponized grappling hooks, and knockout darts fired from guns. These weapons would make great additions to GTAOnline's arsenal. You can view the scene at this url: <https://www.youtube.com/watch?v=L1ot1L5nCoc> .)
